FOR IMMEDIATE RELEASE

February 1, 2022

Snow Emergency Declared for West Lafayette - City Hall and Wellness Center Closure

From the Office of the Mayor:

The City of West Lafayette expects a significant snowstorm that may bring ice, 6-18 inches of heavy snow, strong winds, and subzero temperatures. The storm will begin early Wednesday morning and continue until Friday morning (February 2 - 4, 2022). This storm is expected to impact travel, making it very difficult to drive, extreme caution should be taken.

Per City Ordinance, when there is an accumulation of two or more inches of snow or ice, a snow emergency is declared to ensure emergency routes are accessible. All vehicles, trailers, and equipment parked on all emergency snow routes must be removed by the owner until the road has been cleared. **Due to the enormity and unpredictability of this snow event this declaration is in effect as of 4:00 PM Tuesday, February 1st, 2022.**

City Hall and West Lafayette Wellness Center will be closed Wednesday, February 2-3, 2022. All essential and emergency departments will be staffed as possible, i.e. Police, Fire, Streets, and Waste Water. A decision will be made at a later time for additional closures as needed.
